

Benicia City Council Industrial Safety Ordinance

Committee Process

Introduction

- City Council Mission
- Meeting Purpose: Listen Session

City Council Direction

Committee Charge from approved minutes of 12/19 City Council Meeting:

“Mayor Young and Staff discussed forming a subcommittee to discuss the issues at hand made up of local community leaders, the Good Neighbor Steering Committee or BCAMP, Valero, BAAQMD, Solano County, and with presentations and expertise from Contra Costa County.

Council Member Birdseye made a motion to move forward with the second-step request, having a process defined by a subcommittee made up of herself and Vice Mayor Scott, staffed by Chief Chadwick, with members of the community to be identified by the subcommittee (hopefully including Valero), with the intention of creating an Industrial and Safety Health Ordinance. The motion was seconded by Vice Mayor Scott.”

Introduction

- City Council Mission
- Meeting Purpose: Listen Sessions
 - Conducted:
 - BISHO
 - BCAMP

Process

Listening Session:

Opportunity for dialogue

Stakeholder & SME suggestions

Identify needs/wants

Professional review

Process
